Brady BBP™81 Label Printer- 300 dpi Standard

The Brady **BBP**™81 Label Printer provides enhanced productivity, along with the durability and reliability you need for tough industrial environments. Available in 300 dpi, the Brady **BBP**81 printer produces sharp labels for a variety of applications. The **BBP**81 printer is loaded with features including USB connectivity for plug-and-play simplicity, automatic calibration when the printer is turned on, and improved BradyConnect 10/100 Print Server with simultaneous use of parallel and Ethernet connections. The durable, die-cast metal frame provides a rugged platform for industrial printing in operations that require label production 12 hours/day, 5 days/week. The Brady **BBP**81 printer is able to print a wide variety of materials, including paper, polyester, metalized polyester, polyimide, and PermaSleeve™ materials.

Overview   **Specifications**   **Accessories**
