**Freezerbondz™ Thermal Transfer Printer Labels**

Freezerbondz™ printable labels for thermal transfer printers. Freezerbondz™ labels can be applied to frozen surfaces including glass and polypropylene stored in liquid nitrogen. They have good print smudge resistance, solvent resistance, and good high and low temperature performance. Freezerbondz™ labels perform well in common laboratory environments such as liquid nitrogen and autoclave applications. For tube/vial applications these labels must be wrapped upon itself with at least 1/8 inch overlap.
