

Product Number: 7511A66-1
Light Pipes

Serial Number: 7511
LED type: SMD LED
Type: Right Angle, Single Position
Mounting: PCB Press-In Pin
Works with: "1210" SMD LED
Housing ul rating: UL 94-V2
RoHS Status: Yes

Bright•Pipes™ Optical Lightpipes produce bright, even indication based on optical ray tracing. They conveniently and economically conduct light from SMT LEDs through angles and distances to a viewable front lense surface in order to provide an attractive, bright and even indication of equipment of function status with a minimal attenuation of light output through the optical fibers that join the base, at the LED light source, to the lens front.
