

Centon Professional Series microSDHC UHS-I Class U3 A1, 32GB

microSD (micro Secure Digital) integrates NAND flash and an onboard controller into a compact, removable card with a standardized SD interface, delivering self-managed, capacity scalable storage that drops into a range of devices from consumer to embedded designs. Experience the reliability of our Professional series 32GB microSDHC UHS-I Class U3 flash memory card.

Professional Series

The Centon Professional Series is built around a controlled specification rather than a fixed bill of materials. This lets us source top quality components from multiple suppliers to meet your spec at the best possible price, without compromising quality. For system integrators and builders, it delivers dependable, lifecycle stable products that balance performance, availability, and cost.

Warranty & Support

- Includes a 1 Year limited warranty
- Dedicated U.S. support to manage your technical and service issues
- ISO 9001 (Quality) & ISO 14001 (Environmental) Certified

About Centon

For over four decades, Centon has specialized in electronics with a focus on DRAM and Flash-based memory. From ready-to-use products to build-to-spec solutions, enterprises, OEMs, and consumers rely on us for long product lifecycle continuity, in-house tested, certified quality, and a dedicated U.S.-based team. The part you qualify today is the part you can count on tomorrow.
