AC164343 - MPLAB PM3 Socket Module for 64L QFN (9x9mm body size)

This PM3 socket module is for the dsPIC33F/PIC24H and PIC32MX MCU families of package type 64L QFN (9x9mm body size). This socket module will interface with the PM3 production programmer (DV007004) for mass production, device programming needs. Please refer to the DTS (Dev Tool Selector) to verify your socket module selection for any given device.
