

DNP1102F Surface Mount IRED/Right Angle Type

### Features

PackageRight Angle type, Water clear epoxyProduct features• Outer Dimension 3.0 x 1.0 x 2.5mm (L x W x H ) • Total Output Power : 2mW TYP. (lg=20mA) • Lead-free soldering compatible • RoHS compliantPeak Wavelength880nmPeak Wavelength880nmHalf Intensity Angle $θ x = 35$ deg, $θ y = 110$ deg.Die materialsGaAlAsRank grouping parameterSorted by radiant intensity per rank tapingAssembly methodAuto pick & place machine (Auto Mounter)Soldering methodsReflow soldering and manual soldering * XPlease refer to Soldering Conditions about soldering.Taping and reel3,000pcs per reel in a 8mm width tape. (Standard) Reel diameter: \$ 180mmESD2kV (HBM)		
• Total Output Power : 2mW TYP. (lp=20mA) • Lead-free soldering compatible • RoHS compliant• RoHS compliantPeak Wavelength880nmHalf Intensity Angle $θ x = 35 \deg, θ y = 110 \deg.$ Die materialsGaAlAsRank grouping parameterSorted by radiant intensity per rank tapingAssembly methodAuto pick & place machine (Auto Mounter)Soldering methodsReflow soldering and manual soldering * WPlease refer to Soldering Conditions about soldering.Taping and reel3,000pcs per reel in a 8mm width tape. (Standard) Reel diameter: \$ 180mm	Package	Right Angle type, Water clear epoxy
Half Intensity Angleθ x = 35 deg., θ y = 110 deg.Die materialsGaAlAsRank grouping parameterSorted by radiant intensity per rank tapingAssembly methodAuto pick & place machine (Auto Mounter)Soldering methodsReflow soldering and manual soldering *Please refer to Soldering Conditions about soldering.Taping and reel3,000pcs per reel in a 8mm width tape. #### **Reflow Soldering Conditions**

- 1) The above profile temperature gives the maximum temperature of the LED resin surface. Please set the temperature so as to avoid exceeding this range.
- 2) Total times of reflow soldering process shall be no more than 2 times. When the second reflow soldering process is performed, intervals between the first and second reflow should be short as possible (while allowing some time for the component to return to normal temperature after the first reflow) in order to prevent the LED from absorbing moisture.
- 3) Temperature fluctuation to the LED during the pre-heating process shall be minimized.

#### Manual Soldering Conditions

Iron tip temp.	350 ℃	(MAX.) (30 W Max.)
Soldering time and frequency	3 s 1 time	(MAX.) (MAX.)

# **Reliability Testing Result**

Reliability Testing Result	Applicable Standard	Testing Conditions	Duration	Failure
Room Temp. Operating Life	EIAJ ED- 4701/100(101)	Ta = 25°C, IF = Maxium Rated Current	1 <i>,</i> 000 h	0/25
Resistance to Soldering Heat	EIAJ ED- 4701/300(301)	(Pretreatment) Individual standard (Reflow Soldering) Pre-heating 150°℃~180°C 120s Operating Heating 230°C Min. Peak temperature 260°C	Twice	0/25
Temperature Cycling	EIAJ ED- 4701/100(105)	Minimum Rated Storage Temperature(30min) ~Normal Temperature(15min) ~Maximum Rated Storage Temperature(30min) ~Normal Temperature(15min)	5 cycles	0/25
Wet High Temp. Storage Life	EIAJ ED- 4701/100(103)	$T_a = 60 \pm 2^{\circ}C$ , RH = 90 ± 5%	1 <i>,</i> 000 h	0/25
High Temp. Storage Life	EIAJ ED- 4701/200(201)	Ta = Maximum Rated Storage Temperature	1 <i>,</i> 000 h	0/25
Low Temp. Storage Life	EIAJ ED- 4701/200(202)	Ta = Minimum Rated Storage Temperature	1 <i>,</i> 000 h	0/25
Vibration, Variable Frequency	EIAJ ED- 4701/400(403)	98.1m/s <sup>2</sup> (10G), 100 ~ 2KHz sweep for 20min., XYZ each direction	2 h	0/10

# Failure Criteria

ltems	Symbols	Conditions	Failure criteria
Radiant Intensity	Ι <sub>Ε</sub>	IF Value of each product Radiant Intensity	Testing Min. Value < Initial Value x 0.5
Forward Voltage	VF	IF Value of each product Forward Voltage	Testing Max. Value > Spec. Max. Value x 1.2
Reverse Current	<b> </b> R	Vr = Maximum Rated Reverse Voltage V	Testing Max. Value ≧ Spec. Max. Value x 2.5
Cosmetic Appearance	-	-	Occurrence of notable decoloration, deformation and cracking

# Special Notice to Customers Using the Products and Technical Information Shown in This Data Sheet

- 1) The technical information shown in the data sheets are limited to the typical characteristics and circuit examples of the referenced products. It does not constitute the warranting of industrial property nor the granting of any license.
- 2) For the purpose of product improvement, the specifications, characteristics and technical data described in the data sheets are subject to change without prior notice. Therefore it is recommended that the most updated specifications be used in your design.
- 3) When using the products described in the data sheets, please adhere to the maximum ratings for operating voltage, heat dissipation characteristics, and other precautions for use. We are not responsible for any damage which may occur if these specifications are exceeded.
- 4) The products that have been described to this catalog are manufactured so that they will be used for the electrical instrument of the benchmark (OA equipment, telecommunications equipment, AV machine, home appliance and measuring instrument).

The application of aircrafts, space borne application, transportation equipment, medical equipment and nuclear power control equipment, etc. needs a high reliability and safety, and the breakdown and the wrong operation might influence the life or the human body. Please consult us beforehand if you plan to use our product for the usages of aircrafts, space borne application, transportation equipment, medical equipment and nuclear power control equipment, etc. except OA equipment, telecommunications equipment, AV machine, home appliance and measuring instrument.

- 5) In order to export the products or technologies described in this data sheet which are under the "Foreign Exchange and Foreign Trade Control Law," it is necessary to first obtain an export permit from the Japanese government.
- 6) No part of this data sheet may be reprinted or reproduced without prior written permission from Stanley Electric Co., Ltd.
- 7) The most updated edition of this data sheet can be obtained from the address below: <u>http://www.stanley-components.com</u>
